

真空观察窗系列

Vacuum Window Series

ADS-VOW-OR16

技术参数 Specification

|                           |                                       |
|---------------------------|---------------------------------------|
| 接口标准 Interface Standard   | OR16                                  |
| 传输范围 Tranmission Range    | 0.25-4um                              |
| 耐温 Temperature Resistance | -271℃~450℃                            |
| 耐气压 Pressure Tolerance    | 10 Bar                                |
| 材料 Material               | 蓝宝石/金刚石/石英<br>Sapphire/diamond/quartz |
